HEAVY RAINFALL BRINGS BRIGHT CROP PROSPECTS

Good Rains Cause Wonderful Growth in Wheat Fields. — Two and Three-quarters Inches of Rain Since 3rd of June.

Crops in the Bassano and surrounding districts are showing a wonderful growth as a result of the plentiful supply of moisture which has fallen this month. The wheat is shooting up at a rapid rate, and everywhere there are beautiful green fields of growing grain. Farmers and ranchers look as good as those of last year when bumper yields were harvested.

Early sown fields of wheat measure about 24 inches in height, and the stand is thick and heavy. Wheat now stands 18 inches, and measures from 12 to 15 inches, and is now growing at a phenomenal rate.

A number of fine fields of rye are to be seen. The rye stands about 4 feet high, and in some fields the grain is in the dough stage. The year just closing has been a very successful one. There are 33 enrolled pupils in the school, 22 in the high room, and 22 in the primary. Many pupils from outside districts attend this school, especially in the higher grades, and the school shows a rapid growth. Many families move in for the winter in order to give their children a better education.

Heavy Precipitation

Since June 3rd the rainfall has been heavy and the moisture has been ample for the needs of the growing crops. About two and three-quarters inches of rain has fallen this month at Bassano, Gem, and Countess, the only points where rainfall gauges are located.

Members of the Riverdale Junior baseball team will play against the Husar team here on Sunday next. As the Husar Juniors have won all games played this year, in number, four, this should be a very interesting game.

The travelling clinic for school children will be in Husar on Aug. 14th for examinations, and on Aug. 15th for operations. Public health nurse, Miss Lonsdale, will be in Husar this week to make preliminary examinations of children before the school is dismissed for the summer vacation. This is surely a step in the right direction.

As M. was found that there are more than sixty babies within a radius of six miles around Husar, it was decided to send the clinic from 10 to 12 noon on Aug. 1 to 4, in the Community Hall, June 29th.

It rained all day Sunday, Monday and Tuesday, and is still threatening on Wednesday. There has been a wonderful improvement in the appearance of the fields, but the roads are almost impassable save for the main roads.

If the weather will permit the Women's Institute will meet at the home of Mrs. A. Jensen on Tuesday, July 10th. In case of heavy rain, the meeting will be held at the home of Mrs. B. Jensen.

Nappers have a new Dodge car. Miss Wilma White is staying in Bassano while writing her exams. The girls have gone to have a good time for their holidays.

Miss Loraine Eastman and Trygve Gledde were in Bassano Monday writing on their exams.

Mr. Bravell's family have moved to the Downie place.

Mr. Edwards' mother is visiting her at present.

The roads are very heavy owing to recent rains.

Miss Yvette Cote spent Sunday with Miss Yvette Tanguay.

The abundant rainfall has brought sufficient moisture for the trees and it has not been necessary to irrigate.

Rosemary News

ROSEMARY, June 21—Mrs. Hearne's sister has been visiting her for a few days.

Nappers have a new Dodge car.

Miss Wilma White is staying in Bassano while writing her exams.

The girls have gone to have a good time for their holidays.

Miss Loraine Eastman and Trygve Gledde were in Bassano Monday writing on their exams.

Mr. Bravell's family have moved to the Downie place.

Mr. Edwards' mother is visiting her at present.

The roads are very heavy owing to recent rains.

Miss Yvette Cote spent Sunday with Miss Yvette Tanguay.

The abundant rainfall has brought sufficient moisture for the trees and it has not been necessary to irrigate.

Husar News

HUSAR, June 20—H. McDonald F. Reeves, and E. J. Bell are board of directors for the Community Hall for the next six months. Mr. Bell will attend to all booking of engagements and the hall.

It is with pleasure that we announce that all the members of the teaching staff of the Husar school are planning to return for another year's work: P. K. Page, principal; Miss Pauline K. Kite, teacher in charge of the high room; and Mrs. Ryan Farter, primary teacher. It is understood that the teacherage is to be used as a school room this fall. The year just closing has been a very successful one. There are 33 enrolled pupils in the high room, 22 in the primary, and 22 in the primary.

A. P. ELEVATOR CO. WILL HAVE DIST. SUPT. HERE

H. W. McFarlane of Calgary, has been appointed district representative for the Alberta Pacific Grain Co., with headquarters in Bassano. Mr. McFarlane will take charge July 1st. This district includes the towns on the main line from Calgary to Medicine Hat, and also the towns on the branch lines in adjacent territory.

Visitors at the week-end.

Mr. Miray was a business visitor here Monday.

Mr. and Mrs. Reesor have moved into their new dwelling on West Main Street.

Many of the young people attended the dance at Makepeace on Friday evening, and report a good time.

Mr. and Mrs. A. Anderson visited Weyburn on Monday, where there is a patient in the hospital in adjacent territory.

Mr. and Mrs. Reesor have moved into their new dwelling on West Main Street.

Mr. and Mrs. H. C. Armstrong are moving to Calgary the first of next month, where Mr. Armstrong is to be inspector of the pool elevators.

Mr. and Mrs. Farley were Calgary

Change Made In Date Of Gem Sports

Big Event Will Take Place July 16th

In Place of July 25th.

GEM, June 29—Owing to unfortunate circumstances the Gem sports and Rodeo will be held on the 16th of July, Wednesday, and not the 25th as previously arranged. The Gem sports committee will endeavor to make this date a good day for Gem. Full particulars next week.

GEM, June 29—Owing to unfortunate circumstances the Gem sports and Rodeo will be held on the 16th of July, Wednesday, and not the 25th as previously arranged. The Gem sports committee will endeavor to make this date a good day for Gem. Full particulars next week.

GEM, June 29—Chas. McClinton of Bassano, was a Tuesday visitor in the Colony, remaining overnight the guest of Fletcher Williamson.

Don't forget to come June 29th, make for the Gem school, come and have a real good time; everybody welcome. Refreshments and excellent music.

Mrs. Horne and sister Mrs. Farquhar leave on Wednesday for Idaho U. S. A. Mr. and Mrs. E. Selfridge will have charge of the family during Mrs. Horne's absence. They plan to be away about three months.

Our British settlers, who recently arrived from the Isle of Wight, and who are now in the employ of our local post men, were entertained recently by Mr. and Mrs. T. West. This is a mistake, their name being Mr. and Mrs. James. Sorry, rumors again.

Mrs. Pollock had the pleasure of company of the Miners Civic, who recently arrived from the Isle of Wight, and who are now in the employ of our local post men, were entertained recently by Mr. and Mrs. T. West.

Mrs. Small and her granddaughters spent a week in Thursday with Mrs. A. P. Miller, our telephone operator.

Mr. and Mrs. Atkins and children are enjoying a visit from Mr. and Mrs. Aikins Sr., who have recently returned from Los Angeles and Vancouver.

"WHAT PRICE GLORY" IS A GREAT PICTURE

"WHAT PRICE GLORY" coming to Gem Theatre Friday and Saturday this week. June 22nd and 23rd, is a picture of two heroes in the great world war. From the Philippines to the battle fields of France, they fought over their loves, but they forgot their hatred in self-sacrifice of service of country.

much appreciate the effort it interests members of the community would phone their items of interest for insertion in the Gem notes of The Bassano Mail. We cannot afford to be uninterested.

Several Gem farmers are working grading the road between Spring Creek and the Colony. They plan as they have, as they have a shack, cook stove, etc. All they want is a cook, etc. And when they are very scarce around Gem.

Owing to the steady and heavy fall of rain on Sunday last the dipping of the cattle, which was due to be done on Monday, was postponed for the present. Many farmers were disappointed because they were on their way to the dip when they heard of the postponement.

Gem school will close for the summer holidays on Friday, June 29th. The pupils of the junior and intermediate grades will celebrate by having a picnic. The high school pupils will be in the evening by having a dance. Countess and Gem orchestra will be present, prepared an excellent program of dance music.

Mrs. Cersey, Sr., is suffering from a severe attack of heart trouble and other ailments.

Mrs. Schreiber's baby son was born yesterday evening in the Bassano Hospital since Saturday last.

Mrs. Sadie Douglas and Miss G. Keeling were busily visitors to Bassano on Friday last.

Gem rodeo and sports day, July 12, will be the important date for Gem sports.

The Gem correspondent would very

"Safety First" on the Highways

The phenomenal growth in the number of motor driven vehicles on the roads of this continent constitutes one of the most amazing developments of modern times. The motor car has, in fact, completely revolutionized modes of living in a span of very few years, and, equally so, has ushered in an entirely new era in the history of travel.

It is not necessary to even enumerate the many changes which the general use of the motor car has brought about. These changes are patent to everyone. The result has been, of course, to likewise create entirely new problems which must be solved, and were never dreamed of, by the people of a couple of generations ago.

The motor car has forced governments and municipalities to completely re-organize plans and the work of road building because what was regarded as an excellent road for horse drawn buggies and wagons is quite obsolete in these days of motor traffic. The result has been to compel huge expenditures of money which are not only in the construction of a much higher standard of road, but in annual maintenance charges in order that such roads shall be taken up to that high standard, and shall be available for use at all times in all weather.

In large cities, the multiplicity of cars has created congestion and traffic jams, and the result is that many people, drivers and passengers of modern cars, can not only an hourly danger to each other and their occupants but to all pedestrians. Laws governing rates of speed, laws prohibitive of glaring headlights for night driving, and innumerable rules of the road in an effort to regulate this enormous and ever increasing traffic, have been passed. Many of these enactments were experimental and found ineffective. Amendments to laws have followed amendments in rapid succession, yet the toll of accidents and violent deaths steadily mounts higher and higher.

The fact might as well be faced—it must be faced—that only through the practice of the principle of "Safety First" by the people themselves, the police, and the government, can today really control this modern juggernaut which the inventive genius of man has brought into being, and to such a high state of power and efficiency.

Legislative enactments, and arrests and fines for violation of those laws, will not, and can not meet the existing problems. Public sentiment and the public conscience must be aroused against those who habitually and wilfully disregard the laws and regulations made to protect the public welfare. The speed maniac, the man who carries his blinding headlights to the eyes of all other car drivers, the crank who considers it an insult and a reflection upon himself and his car to allow any other car to pass him on the road, the crazy fool who not only disregards all safety precautions for himself but who is callously indifferent to the fate of others, and the common senseless, ignorant, even criminal, who disregards whatever he desires to himself, these enemies to the welfare, safety and health of himself and even lives of others, must become taboo throughout the land and be ostracized by his fellow citizens in the community.

Every car owner should keep constantly in mind that it is a powerful machine, which can be used for good or evil, and the safe way is the only way. Common sense will prevent accidents. Apply it. There is not only the law, but an etiquette of the road. Observe it. Protect person and property—your own and the other fellow's.

Two controllable factors enter into accident prevention on the streets and highways—your car, yourself. Always observe, among others the following:

1. Keep your car right; see that the brakes, steering gear and headlights are in perfect working order.
2. Keep your eye on the road and your hands on the wheel.
3. Passing traffic, look ahead.
4. If a "dead-hog" tries to pass you—let him.
5. Don't drive on streets and highways and listen.
6. Don't rash through "dead" stop, step or change your course.
7. Signal before you slow down, stop, or change your course.
8. Look before you back up.
9. Obey the "Stop" sign.
10. Watch your "Step"! Don't "step" on the gas, the train will win.

Start Two Projects

Forty-two projects are being started on the Dominion Department of Agriculture's experimental ranch near Medicine Hat, Alta. The ranch comprises 15,000 acres and will be devoted to the raising of cattle, sheep and lambs. With more than five million acres under lease in the Southern part of Alberta and Saskatchewan alone, the value of research work in improving these grazing areas becomes apparent.

Two children, aged five and six years, attending a school in Germany are expert shorthand writers, although neither can read or write longhand.

Affect Many Visitors

Half a million automobiles from the United States and the provinces of Canada, carrying a million and a half persons, will enter Manitoba during the coming tourist season, according to the latest report of the Canadian Travel and Convention Bureau. The outlook for tourist traffic in all forms not only promises to break all records, it was stated, but to date has shown considerable increase over previous years.

Young Britie: "I want a piece of meat without any gristle, bone or fat."

Butcher: "Lady, you don't want any meat; you want an egg!"

Victim of His Invention

Radium Paint Inventor Is Slowly Dying Of Radium

The New York Times says that Dr. S. A. Von Soechtling, inventor of the radium paint which is said to have caused the death of a Jersey woman in a slow death, is a victim of his own invention. The paper says that, although the doctor was reticent to talk about himself, marks of the invention of radium were plainly visible on his face and his fingers up to the second knuckle are black, the result of radium necrosis.

The doctor has frequently risked his life in recent years to treat friends with radium.

Dr. Von Soechtling brought to this country with him several years ago the formula for the radium paint. He became an official of the U.S. Radium Corporation, which plants are now in New Jersey. Women are said to have acquired the radium poison.

They recently made a settlement with the company for \$10,000 each, a life-time annuity of \$600 each and insurance for their relatives when he died.

NEW STRENGTH FOR WEAK STOMACHS

Indigestion Disappears When the Blood Is Enriched

The blood of all who suffer from any form of indigestion is a tonic to enrich the blood. Pain and distress after eating are the way to the stomach, and it is known that it is the work of the digestion, the stomach, that gives a clean taste and sweet flavor.

It is refreshing and digestion aiding.

British Columbia Hop Yield

Field Set 1927 Double That of 1926

A total yield of 1,425,575 pounds of hops was produced in British Columbia in 1927. This was practically double the 1926 average, substantially the largest yield in the history of the industry. At an average price of 32 cents per pound the value of the 1927 crop was \$45,617, an additional 322 acres of hops in the same year came into bearing.

After 16 Years Of Asthma, Dr. J. D. Kellogg's Asthma Remedy proved that only relief for one grateful user, and this is but one case among many.

Lillian, a young woman, became the one recognized remedy on the market. It has earned its fame by its numbers and its sudden appearance. It is today, as it has done for years, the greatest asthma preventive within the reach of the suffering human.

Within a mile of the town was going forward on a number of mining claims.

For Burns and Scalds, Dr. Thomas' Electric Oil will take the heat out of a scald or a scald to be had in every kitchen so that it may be available at any time.

Just apply the oil to the burn or scald and the pain will subside and in a short time cease altogether.

Curious Freak of Nature

Devil's Tower, In Black Hills Has Been Climbed Only Once

The Devil's Tower, in the Black Hills of Wyoming is a curious freak of nature. It is located about 35 miles from Spearfish, and 85 miles from Deadwood. It rises from the plains in the distance looking like a gigantic monument. The summit of the Devil's Tower rises to a height of more than 1,200 feet from the plain. It is broken in a half way up the base and the upper part itself shoots up a sheer 900 feet. The tower has been climbed but once, and that was about 20 years ago. The man who made the ascent spent two days in climbing the tower, and the last time he did it he fell from the top, before it reached the top, to prevent any one else attempting to duplicate his feat, the bottom part of the ladder has been torn away. The balance of the ladder still remains in plain sight on the side of the tower.

One last fact: the tower is a natural formation, many times its weight in acid. The results are immediate, with no bad after-effects. Once you learn to eat it, you will never want to eat any other food.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by your physician. It is the only genuine Milk of Magnesia. For the 50 years since its invention, it has remained standard throughout the world. It acts so quickly in its effect, so harmless, so efficient.

Indigestion

One last fact: people call Indigestion to denote excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude baking soda, your doctor would advise. Use what your doctor would advise.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by your physician. It is the only genuine Milk of Magnesia. For the 50 years since its invention, it has remained standard throughout the world. It acts so quickly in its effect, so harmless, so efficient.

The gross area of the United States is 3,026,789 miles.

SEA STRAIGHTENS ROMANTIC TANGLES

The cool, comforting flavor of WRIGLEY'S Spearmint is a lasting pleasure.

It cleanses the mouth after eating, gives a clean taste and sweet flavor.

It is refreshing and digestion aiding.

Proposed Revision Of Anglican Prayer Book Is Again Rejected

London.—By a vote of 265 to 220 the House of Commons again rejected the revised prayer book of the Church of England.

The vote, coming after two days of debate, which the intentions of the nation had been considered, recorded a majority almost identical with that in the previous rejection last December, when the vote was 247 to 210.

The revised prayer book after rejection last year was sent to the bishops, and after the approval by the church assembly, was submitted to Parliament.

Again in the Commons, tamed by the arrival of Conservative leaders, the Archbishop of York, supporters of the revised book, and the opposition of the Church of England, the measure was told that the new responsibility laid upon the bishops is a very small one; a plea was made "for quietness, for a little patience and for abstention from any angry or unkindly words."

The speech of Sir Win. Jonnson-Hicks, home secretary, was the high-light of the debate, and the opposition of the Church of England. The Bishop of St. Asaph, a staunch evangelical, who led the opposition last December, declared the House was being asked to "revoke its former decision" and deferred that the church assembly should make the decision. He asserted the book was essentially the same as the one rejected last December.

Lord Hugh Cecil, and Premier Balfour, supporting the measure, the speakers in favor of the revision.

The premier stated that difficulties must follow any decision, but it is believed those which would face the House if the measure was rejected would be infinitely the more formidable.

Mr. Baldwin said he felt an adverse vote would weaken the hands of all those in authority in the three provinces, and that it would be a cause and give immense impetus to the church if the measure was rejected.

The speech was therefore dismissed.

Appeal Was Rejected

Privy Council Gives Decision On Alberta Coal Case

London.—The decision of the Privy Council judicial committee rejecting the Alberta coal case, which had the effect of depriving that province of large revenue which had hoped to collect from the production from coal mines.

The Privy Council held that the Supreme Court of Canada had the right to hear the case, and that the trial of the Alberta miners' tax of 1923 which places a tax on every ton of coal mined in Alberta is ultra vires of the province.

The province's test case was launched against the Caledonian Collieries, Limited. The judgment of the Privy Council states that it is unexpected that though the tax was declared unconstitutional, the trial of the miners' tax will be continued.

The revised prayer book after rejection last year was sent to the bishops, and after the approval by the church assembly, was submitted to Parliament.

Again in the Commons, tamed by the arrival of Conservative leaders, the

Archbishop of York, supporters of the revised book, and the opposition of the Church of England, the measure was told that the new responsibility laid upon the bishops is a very small one; a plea was made "for quietness, for a little patience and for abstention from any angry or unkindly words."

The speech of Sir Win. Jonnson-Hicks, home secretary, was the high-light of the debate, and the opposition of the Church of England. The Bishop of St. Asaph, a staunch evangelical, who led the opposition last December, declared the House was being asked to "revoke its former decision" and deferred that the church assembly should make the decision. He asserted the book was essentially the same as the one rejected last December.

Lord Hugh Cecil, and Premier Balfour, supporting the measure, the speakers in favor of the revision.

The premier stated that difficulties must follow any decision, but it is believed those which would face the House if the measure was rejected would be infinitely the more formidable.

Mr. Baldwin said he felt an adverse vote would weaken the hands of all those in authority in the three provinces, and that it would be a cause and give immense impetus to the church if the measure was rejected.

The speech was therefore dismissed.

U.S. Farmers Complain

Say Canadian Commodity Is Dangerous Factor In Agricultural Development

Seattle.—Canadian competition in grain growing has become a "danger factor" in the agrarian development of Washington. J. Carl Lamm, president of the farm bureau, testified at an Interprovincial Commodity farm hearing, Agrarian representatives appeared before the commission recently, urging the necessity of lower export grain rates.

Supporting the grain bureau's claim, he gave a comprehensive comparison of farming conditions between the grain districts of Western Canada and Eastern Washington. He asserted that grain farmers by Canadian railroads and the government was attracting growers from Washington to Canada.

With cheap land, low taxes, low grain rates and fertilizers, Alberta grain farmers are not able to take grain at a cost of several dollars an acre lower than those of Washington. Lamm said, but they can reach both their eastern and western markets at a much less cost.

What is the average cost to the Canadian farmer including everything until the grain was placed at elevators was \$14.70 an acre, whereas on the American side the border is \$16.50 an acre.

He added that with such a wide spread in favor the Canadian grain growers were rapidly driving Eastern Washington west from the export market.

The official vote was: Hughes, 1; Davies, 4; Coolidge, 17; Goff, 18; Norris, 34; Watson, 45; Curtis, 64; Lowden, 74; Hunter, 837.

A foreigner who attended the commission last Tuesday, his nomination became a reality long before the roll of the states was completed. The final count disclosed him to be a complete rout.

Hoover Republican Nominee

Overwhelming Victory United Field Of Rivals

Kansas City, Mo.—Herbert Clark Hoover was chosen the Republican nominee for President of the United States.

A single roll-call in the national convention told with impressive finality the story of his overwhelming victory against a united field of rivals.

The official vote was: Hughes, 1; Davies, 4; Coolidge, 17; Goff, 18; Norris, 34; Watson, 45; Curtis, 64; Lowden, 74; Hunter, 837.

A foreigner who attended the commission last Tuesday, his nomination became a reality long before the roll of the states was completed. The final count disclosed him to be a complete rout.

Woman Sues For Millions

Action Based On Book Describing Assassination Of Rasputin

Paris.—A woman claiming to be the daughter of the monk Rasputin, one time confessor for the late Tsarina, has sued for a large sum, said to be \$10,000,000 for his assassination by her father against Prince Felix Youssouff, and Grand Duke Dmitri Pavlovitch.

The woman bases her claim for damages on events in 1905, when Prince Youssouff, which is just appearing in Paris, in which the "execution" of the mysterious monk is described and Prince Youssouff and Duke Dmitri as names as principal.

The name of the plaintiff is Madame Marie Gregorieta Rasputin, aged 50, widow of Boris Solovietoff.

India Ready To Honour War

Washington.—The Government of India has accepted the invitation of Secretary Kellogg to participate as an original signatory in the proposed multi-lateral treaty for the regulation of war.

The House of Commons had already

approved the measure.

"Flapper Vote" Bill Passed

London.—After an unsuccessful attempt had been made to raise the qualifying age, the House of Commons, after voting down the proposal to make women 21 years of age and over, the House of Commons had already

approved the measure.

W. N. U. 1733

Ice Delays Seaplanes

Machine Ready For Survey Of Canadian Arctic At Fort Churchill

Ottawa.—Ice on the small lakes in the vicinity of Fort Churchill is holding up the dispatch of the two Canadian Air Force seaplanes which are in reserve, and to be used in surveying the north port for the purpose of surveying the break up conditions there.

It was stated at the Department of National Defence that the two planes are at present in Canada, and are awaiting favorable conditions before proceeding to their destination.

The duty of their pilots will be similar to that which has occupied the Hudson Strait air force since 1920, to observe the movement of ice on the Churchill River and through the inlet on the shore of which Canada's Northern port will be constructed.

The year before last, the work was to be carried out by the Royal Canadian Air Force, and the surveying of the

area will be done by the Royal Canadian Air Force.

It is expected that the surveying

of the area will be completed by

the end of June.

The Canadian harvest will soon be due. When the Canadian Government became responsible for the Canadian Pacific Railways, the

Department of Agriculture and the Canadian Pacific Railways

agreed with the judges of the Supreme Court that the tax was not a direct tax.

Some attempt had been made in the argument to support the tax on the ground that it was a tax on the production of coal.

The Canadian Pacific Railways

had agreed to pay the tax.

It was out that there were marked

distinctions between a tax on gross revenue and a tax on income which for taxation purposes means gains and profits.

It was decided that the tax was not a direct tax.

The Well Dressed Man

The young woman had just returned to her small home from several years in the big city. She was exhibiting the contents of her trunk, to the admiration and amusement of her mother, who for forty years had dressed in the old fashioned way.

"Aren't you a doll, said the daughter, holding up a delicate silk garment, 'and teddies'."

"Teddy?" You don't say! Young men are certainly different from what they used to be."

The Power of the Pool

The Canadian Wheat Pool Now Handles
ONE FOURTH of the World's Exportable
Wheat Surplus.

The Wheat Pool has given ample evidence of its usefulness to wheat growers since last harvest. Faced with the handling of a damaged crop and with a large increase in world production, the Pool has been successful to a considerable degree in preventing slumps. Every wheat farmer in Western Canada owes a debt of gratitude to the Wheat Pool.

The power of the Pool lies in its control of volume. Every bushel placed in the Pool means greater strength. The organization needs YOUR assistance.

The idea of co-operation is working together for the common good. It is opposed to any system that makes a profit on the result of the labors of the producer. Its operations mean more wealth for all the producers.

Co-operation is not only a sentiment, but an economic necessity. Let the hearts and minds of our farmers become enmeshed with its ideals and there is hope for the economic future of agriculture.

You who have not signed the Second Series Wheat Pool Contract gain nothing in delay. You only endanger the welfare of an organization that has proven the best friend the farmer has ever had.

STABLE PROSPERITY

One of the best indications of the era of stable prosperity which is now becoming established in the Eastern Irrigation Block is the fact that land which has been held for the past few years have been living on rented land are now buying these farms. They have faith in the irrigation project; they know the value of their land, and when they buy it, land will produce beautiful crops, and in a wet or a dry season, they are assured of a good harvest; and they are content to stay and make their permanent homes here.

These farmers have tried farming in the irrigation project; they have tried with success, and now they are investing their money to acquire the farms for themselves. This is a splendid indication of the condition of the agricultural industry on the irrigation project.

The holding of rights to buy farm lands is a type of progress that makes for permanent prosperity. It is much preferable to a boom, and spells progress for this district.

THE STAMPEDE

Bassano's annual stampede is slated for Monday, July 2nd, the Dominion Day holiday.

Expectations are high that this will be a sporty day during the year, and in this regard Bassano takes second place to no other town of its size for the standard of its sports day.

Holding of sporty day entails an immense amount of work. There are many details to be worked out, judging, planning and distributing advertising, carnival booths to operate, and a score of other jobs of greater or lesser magnitude. This work is all done by volunteers who give of their time and effort to help all others in the community.

To view these men and women all working together for the good of the common cause is to witness a splendid effort in co-operation. They deserve unstinted praise for their work.

This year's celebration should be as good, if not better, than those of previous years. The weather is favorable, the horses, broncs, roping, athletic events, etc., has been drawn up, and the crowd is assured of a day of genuine entertainment. Since the gathering here is a spirit of optimism in the air, and the people looking forward to a good harvest and a prosperous year. Under these conditions and the splendid type of program billed for the sports day, Bassano's July 2nd celebration will doubtless attract a very large attendance.

His Mistake

Young Man: "May I have this dance, Madame?"

Young Matron: "No, I am too dressed up."

Young Man (tried but wanting to be polite): "You're not, madame, you're just pleasantly plump."

Mr. and Mrs. Frank Murphy and Wm. Marshall are leaving Bassano next Tuesday for their new home in Nelson, B. C. The will travel by automobile.

Ben Gray, the Gem auctioneer, was in Bassano on Tuesday. Ben says the crops at Gem are doing wonderfully well.

The children are making good use of the Giant Stride play equipment installed in the school playgrounds. The Giant Stride is in use every minute outside of school hours.

Sykes Robinson, of Jenner, won the saddle bucking championship at the Drumheller stampede last week. He was winner in a similar event at the Husky stampede May 31st.

General movement of Brooks, has just returned from the Far. Manitoba. Mr. Russell is now operating a business in the northern Manitoba mining town, and will move there very soon.

Bassano Lodge A. F. & A. M. will hold church parade in the Anglican Church next Sunday evening, June 24th. All Masons are requested to gather at the Masonic Hall at 6:45 p.m. to attend the service next Sun-

Chas. W. Hayes has been appointed to a position with the Alberta Wheat Pool and will take charge of the pool elevator at Husar about the end of June. Glad Armstrong, present pool elevator man at Husar, has been appointed to the position of district superintendent, and will reside in Calgary.

Please bring or send your last tax notice with your remittance.

H. W. FORD, Secretary Treasurer.

Ray McDonald, of the Glenside school teaching staff, spent the weekend in Tudor.

J. W. Balmer left Sunday on a few days' trip to Banff, Windermere, and other points in the mountains.

School examinations commenced last Monday. School will close for the summer holidays, Friday, June 29th.

The Harmony Four Orchestra will give a dance in the New Masonic Community Hall on Friday evening this week, June 22nd.

Mr. and Mrs. Ralph Barrows motored to the Youngstown district last Saturday to visit at the home of Mrs. Barrows' parents.

Several changes have been recently made in the staff of the C. P. R. station. The station master has been transferred to Gull Lake. Eddie Murphy, V. Hogan, of Gull Lake, Sask., is now first track operator, taking the place of Wm. Buchanan. Wm. Noble, night operator, is in Drumheller on his vacation.

Mr. and Mrs. Frank Murphy and Wm. Marshall are leaving Bassano next Tuesday for their new home in Nelson, B. C. The will travel by automobile.

Ben Gray, the Gem auctioneer, was in Bassano on Tuesday. Ben says the crops at Gem are doing wonderfully well.

The children are making good use of the Giant Stride play equipment installed in the school playgrounds. The Giant Stride is in use every minute outside of school hours.

Sykes Robinson, of Jenner, won the saddle bucking championship at the Drumheller stampede last week. He was winner in a similar event at the Husky stampede May 31st.

General movement of Brooks, has just returned from the Far. Manitoba. Mr. Russell is now operating a business in the northern Manitoba mining town, and will move there very soon.

Bassano Lodge A. F. & A. M. will hold church parade in the Anglican Church next Sunday evening, June 24th. All Masons are requested to gather at the Masonic Hall at 6:45 p.m. to attend the service next Sun-

Chas. W. Hayes has been appointed to a position with the Alberta Wheat Pool and will take charge of the pool elevator at Husar about the end of June. Glad Armstrong, present pool elevator man at Husar, has been appointed to the position of district superintendent, and will reside in Calgary.

Please bring or send your last tax notice with your remittance.

H. W. FORD, Secretary Treasurer.

WORLD HAPPENINGS
BRIEFLY TOLD

The Government of India has accepted the invitation of Secretary Kellogg to participate as an original signatory in the proposed multilateral treaty for the reduction of war armaments. The Indian Ambassador of Manchuria, who recently was driven from Peking, has died in Mukden, according to unconfirmed Japanese war office services received at Mukden.

Miss Eleanor Lodge, a sister of Sir Oliver Lodge, noted scientist, is the widow of a man who died in the course of his studies of the effects of radium from Oxford University. She is 59 years of age and a well known historian.

Kruck D. Komod, chief inspector of hygiene and labor in the ministry of commerce, industry, and labor, of Canada, is visiting Canada studying industrial hygiene and safety prevention.

President Gaston Doumergue, when visiting Rheims, the most bombed city of the Great War, took occasion to appear before the French Senate to speak. He said that France will associate herself with all efforts to put an end to warfare.

Viscount Byng, former Governor-General of Canada, has taken his seat in the House of Lords after 20 months delay, through the dispute concerning the payment of fees incidental to his elevation to the peerage.

Captains Charles Kingsford-Smith and Charles Ulm, pilots of the Southern Cross, have been offered the services of the Canadian air force, but they declined to commercialize the flight, thus following Lindbergh's example.

An air mail service between Montreal and Albany, N.Y., will probably be established in the near future, according to an announcement made in the House of Commons by Hon. P. J. Venot, Postmaster-General. He thought that the contract would be let within a short time.

Captain Lindbergh, who flew the first transatlantic flight in the war front which was equipped with a machine gun and to whose experiments the adoption of machine guns in war aviation was a large measure due, was killed in a crash near Oran in Africa.

Eskimos Make Annual Trip

Siberian Natives Visit Relatives On St. Lawrence Island

Speakers of transoceanic hope—A fleet of 10 canoes beached on the shores of St. Lawrence Island, Alaska, recently, and their crew of 75 Siberian Eskimos feasted and swapped yarns with their North American relatives in a polatik after having paddled across the North Pacific Ocean from Asia.

There is but 50 miles open sea, however, between the two continents at this point. St. Lawrence Island, a part of Alaska, is about 10 miles from Asia.

The voyage is an annual affair with the Siberians, although last year was the first time for a number of years that the Soviet permitted them to visit America.

For races, wrestling matches and dancing, together with the swapping of stories, comprise the dizzy round of entertainment.

It is a hard life, with no comforts, and the paddlers are being too hard up financially to afford motors such as are used by their American cousins.

New British Embassy

Sir Eame Howard Laid Cornerstone Of Building In Washington

"In the name of King George Fifth, I declare that cornerstone well and truly laid," said Sir Eame Howard, when he stood recently in the midst of a few hundred friends, British for the most part, with a sprinkling of Americans, on the site of the new British embassy which is to be erected within the next 18 months on Massachusetts Avenue near the observatory.

In a few words of greeting to the audience, Sir Eame expressed the hope that the building which is to arise on the site would forever be a symbol of men, who worked for lasting peace between Britain and America.

"Hi, there," behaved a policeman to the gathered citizens, "you can't stand there in the snow." "Yes, I can," retorted the citizen proudly. "Don't you worry 'bout me. I been standin' here an hour an' ain't fall off yet."

There are 150 citizens serving life terms in prisons of Canada.

W. N. U. 1738

Consumption Of Meat In Canada

Figures Go To Prove That Pork Is Favorite Meat

Pork is the favorite meat of Canadians, according to a recent compilation of the people of the Dominion made by the Canadian Government Bureau of Statistics. The daily consumption of meat and poultry in Canada is about 7.1 lbs. ounces for every man, woman, and child. This means an annual consumption of 1,151,545,429 pounds of pork; 654,545,429 pounds of beef; 58,151,737 pounds of mutton and lamb; 63,335,391 pounds of fowl and chickens; 14,138,558 pounds of turkey; 4,888,890 pounds of ham; and 9,868,100 pounds of bacon. This is an annual per capita consumption of 29.67 dozen eggs, of a total of 292,405,692 dozen eggs. Canada's egg bill alone is valued at over \$13,000,000 annually. The per capita annual purchase of meats is 45.68 lbs. of bacon; 4.87 lbs. of ham; 6.68 lbs. of poultry; and 6.11 lbs. of mutton and lamb. This represents half a heavy hog, a small ham, a bacon ham, a bacon ham, a bacon ham for every member of every household in Canada, an expenditure at average prices of the different commodities of \$43.09 per person, per year. For the whole of Canada this would amount to approximately \$410,173,710 exclusive of the \$13,000,000 egg bill.

Winnipeg Newspaper Union

916

Outstanding Smartness

An interesting type with bold front and deep V-necking completed the look. The lower part of the bolero is finished with applied bands. The skirt at front shows the new cut-and-sew line. The one-piece and the set-in sleeves are dart-fitted. Style No. 916 is stretching cotton with a fine ribbed back satin, one tone of the new supple wools, two tones of georgette crepe, and a fine ribbed back satin.

"I have not collected pictures," Dr. Harkness said, "but from numerous observations in private practice and in belief I do not affect the sight of the eye."

"A diet of such foods as milk, tomatoes, orange juice and cod livers will diminish the distorted shape of the eyeball 50 per cent. in three months."

"All children under 10 whose diet is defective are either under-nourished or underfed. Diet can restore the sight to a better degree of normality."

The Level Road

The peril of the level way is greater than the peril of the hills. There is nothing more exhausting than a dead level stretch, unless it is a dead level stretch down beneath the monotony of life than beneath its changes. There is scarcely a greater achievement than the victory of the man who keeps fresh and vigorous on the level road.

Friendship and Confidence

There are a few things that money cannot buy, but not many people want them.

Friendship and confidence are plants of slow growth.

WILL INVESTIGATE CLAIM

The claim of Madame Tschakowsky, Russian refugee, that she is the under investigation, the claimant, a widow, is being held in a temporary prison in the community of fuel, with the result that Pennsylvania's anartricite is being displaced by other fuels in Ontario and Quebec to the extent of 1,500,000 tons a year.

A number of fuel has been established to compete in the market of domestic fuel supplies.

It is estimated that 100,000,000 people speak Russian.

The claim of Madame Tschakowsky, Russian refugee, that she is the under investigation, Grand Duke Andre (No. 1), is sailing to America at the request of Mrs. W. B. Leeds (No. 2), whose guest, Mrs. Tschakowsky (No. 3) is, in an effort to determine her identity. No. 4 is the last photograph of Grand Duchess Anastasia before her reported death at the hands of the Bolsheviks ten years ago.

talk from every Harry, Tom, Dick, and maybe worse. Mrs. Sterhong and Mrs. Swartz are grand on that, and good girls they have found for our people."

Mrs. Corbett paused, with her hands right to her heart. "Look at that now! isn't the world wonderful to think of things? We've got grand societies, too, and I never once took thought of them. Sure we've got strength. There's all up to their strength in pneumonia, and the well-tailored handbags now, and socks for the soldiers, but they're grand women, too. When I came here first I used to take care of the Club room at the Club, and used to see the girls millin' round, very often spoken men, too, and trying to make the world better, and God knows it needs it! I'll go to Mrs. Bell, the old lady, and I'll give you a talk of this. Mrs. Kalman, too, and I'll go to see the girls yet for Jesus, though if she takes the baby away I don't know what I'll do with Rose and Dan."

Mrs. Corbett had been there that evening, after Bell had gone to work, leaving the baby to the watchful care of Rose, who sat in No. 18 to do her lessons.

Mrs. Bell was at home, and would speak of Helm's case at the meetings of the Lloyd George Chapter next day.

A week later a new place was found for Helm. Mrs. Bell said it was an ideal place, and while ten dollars a month was very little, still it was not enough place she could have the privilage of. Mrs. Bell said Mrs. Maudie would be very kind to her. Mrs. Maudie was young and inexperienced, and found her baby a great care. Helm could mire the two babies and Mrs. Maudie would do the work.

Old Sam was sorry to part with Helm, and gave her a feather fan. "You come back some day—old Sam be glad. Good girl—only pray for the babies to grow up and be good. I'll be glad when it gets a little older," she would say. "You'll see, when it gets cutie Maudie will take it."

Helm knew that cats sometimes reclaim their young, but she did not know that it could be true of human beings.

In a week the seige seemed to be lifted. Long lines of washing had been hung out on the clothes reef; clothes were still being washed, though. Mrs. Maudie had put on a regular way of living. Mrs. Maudie had won the "Ladies' Points competition at the rink, and her friends had told her she was looking years younger.

One day when the Herricks were home from the store, Mrs. Maudie wanted to go for a drive. Mr. Herrick wanted to go for a drive, too, and his baby, "That girl hasn't been out of the house since she came," he said, "Ask her to come, Helm."

"To be Continued."

Helm paid her rent at the "North Star," and had three dollars left.

The Herricks home was a six-story bungalow on 12th Street, with a double front door, and a porch on 13th Street. It was a little house, low-roofed, square, with but little pitch on the roof, and high pillars in front much too high for the height of the house, giving one the sensation as he walked up to it that he was about to jump birds first. Rose and Danny conducted her to the "house," Rose carrying the baby and Danny helping Helm with the heavy bags.

"I'm not a good baby," said Rose, "but then you'll come back." Helm had her cry more than ours, and just when you give little Lillie a kiss, her kid will wake up whin'! Well, anyway, Helm, you can always come back, and we'll manage some way."

Helm kissed her two good friends at the back door, but Rose refused to go until she saw that the lady was at home.

"She's she's changed her mind," she said speaking from her experience with ladies—"or has got help—something has happened. You can't depend on these women in the West End, they're right, but you can't trust them. They say the strength of the girl is the strength of the man, and the strength of the mother and grandmother will be lost from their bonds."

This abolition of "lily feet," which Chinese for generations have considered the greatest woman's greatest charms, but which little girls, especially girls, are easily created, is the result of the mother and grandmother's weakness. The propaganda gives promise of health and keeps it.

"She's she's changed her mind," she said speaking from her experience with ladies—"or has got help—something has happened. You can't depend on these women in the West End, they're right, but you can't trust them. They say the strength of the girl is the strength of the man, and the strength of the mother and grandmother will be lost from their bonds."

Estimates That Nearly Thirty Million Bushels Of Grain Threshed "In Spring"

Alberta's grain, whose wheat crop in the field declined all winter did not fare badly. In most cases, they made money through the fact that they could not sell their grain until this spring, since wheat, barley, and oats were all threshed.

To enforce his edict Marshal Feng established a "Bureau for the Liberation of the Feet of the Women." When aged women, mostly old, who had little to eat, were found to be punishment. Agents are promised a bounty of 1000 yuan for each woman who is able to walk without a stick.

Agents were sent to the provinces to see who it is, and won't let them in."

Mrs. Herrick was in and had not engaged anyone else, and so the escort had to go home alone, which did not gratify him.

Helm found the house in a state of siege. Confusion reigned everywhere. The invader slept in a baby carriage which filled the greater part of the room, while he slept all night.

"I'm not a good baby," said Rose.

"I'm not a good baby," said Rose.</

John Boyd of Gleichen, was in Bassano Thursday attending district court chambers.

The Board of Trade at their last meeting discussed the matter of boys and girls riding bicycles on the sidewalks. This practice is a danger to pedestrians, and the town council was asked to put a stop to it.

Duchess News

DUCHESS, June 21—Everyone is rejoicing over the great rain we had on Sunday.

Misses Hob was visiting her daughter, Anna and Evelyn in Brooks Saturday.

Marshall Stewart, who spent the past few months in Calgary, returned stamped there.

Mr. and Mrs. Chris Christianson went to Drumheller to attend the stampede there.

Alfred Schermer returned from Brooks Monday night.

Mr. and Mrs. E. R. Sissons spent Saturday in Brooks.

The sports committee is busy getting ready for the stampede on the 4th of July.

Mrs. G. Dunsmore was visiting in Brooks Saturday.

Mr. and Mrs. Craig, who have been visiting at the home of Mrs. Dunsmore, went to visit P. Millers in the country.

June 14—Mr. Sharpe, of the Royal Bank, has been transferred to Lethbridge.

Miss Alice Ingardson, of Calgary, spent the weekend with home folks here.

The Friends of Mrs. W. S. Nelson formerly of Duchess, but now of Calgary, are holding a benefit for her recent illness at the hospital.

Mr. and Mrs. M. Craig, of Spokane, Washington, are here visiting with friends. Mrs. Craig will be remembered as Miss Ora Henshaw.

Mrs. E. G. Green and Mrs. Harry Green, with children spent Wednesday in Bassano.

Mr. and Mrs. O. Lake motored to Bassano Wednesday.

Alfred Schermer is very sick with the measles, and is being attended by Dr. Scott, of Bassano.

J. Macfarlane, of Bassano, by way of Brooks, returning Wednesday.

Was Mother In?

Sweet Little Thing: "What time is it?"

Boy Friend: "Half past four; it won't be long 'till morning."

Sweet Little Thing: "Goodness! Mother will be worried. I should have been in bed an hour ago."

Teacher: "Norman, give me a sentence using the word 'dismay'."

Norman: "People who drive on the railroad crossings dismay; sight quicker than those who stop, look, and listen."

The Rolling Passion

Golf's a mighty funny game.

I never got height;

You got it for ninety cents

To knock it out of sight.

You hunt around in weeds and thorns...

And find it in its den—

Take a club and try to knock it out of sight again.
